Volunteer Program

LEARN HOW YOU MAKE A DIFFERENCE!!

**“If your actions inspire others to dream more, learn more,
be more, and become more, you are a leader.”**

-John Quincy Adams

Learn—get hands on gardening instruction and practice with experienced vegetable gardeners.

Garden Installation and Maintenance – help create the physical garden by providing support and education in designing, planning, installing, and maintaining a community garden.

Youth Education – teach children and teens about gardening and nutrition in schools or other youth programs.

Adult Education – teach adults about gardening and nutrition.

Community Building – help neighborhoods organize to create community gardens, provide education and support in the following areas: engaging the neighbors, forming a governing body, leadership skills, etc.

Partnering - work to strengthen the Red River Coalition of Community Gardeners by working with other organizations and government officials to advance community gardens and increase food security in our area.
